#### INDEPENDENT AUDITOR'S REPORT

Honorable Chairman and Members of the Township Committee Township of Upper Deerfield County of Cumberland, New Jersey

We have audited the accompanying balance sheets – statutory basis of the various funds and account groups of the Township of Upper Deerfield as of December 31, 2005 and 2004, and the related statements of operations and changes in fund balance – statutory basis for the years then ended and the related statements of revenues – statutory basis, and statement of expenditures – statutory basis of the various funds, as listed in the table of contents for the year ended December 31, 2005. These financial statements are the responsibility of the Township of Upper Deerfield's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and the audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As described in Note 1, the Township of Upper Deerfield prepares its financial statements on a basis of accounting prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, that demonstrates compliance with the modified accrual basis, with certain exceptions, and the budget laws of the State of New Jersey, which is a comprehensive basis of accounting other than generally accepted accounting principles.

In our opinion, because of the effects of preparing its financial statements on the basis of accounting discussed in the preceding paragraph, the financial statements referred to above do not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the Township of Upper Deerfield as of December 31, 2005, or the results of its operations for the year then ended.

However, in our opinion, the financial statements referred to above present fairly, in all material respects, the financial position – statutory basis of the various funds and account groups of the Township of Upper Deerfield as of December 31, 2005 and 2004, and the results of operations and changes in fund balance – statutory basis of such funds for the years then ended and the statement of revenues – statutory basis and statement of expenditures – statutory basis of the various funds for the year ended December 31, 2005 on the modified accrual basis of accounting described in Note 1.

In accordance with *Government Auditing Standards*, we have also issued our report dated June 8, 2006 on our consideration of the Township of Upper Deerfield's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

Our audit was performed for the purpose of forming an opinion on the financial statements of the Township of Upper Deerfield taken as a whole. The accompanying supplemental schedules and information presented in the "Supplementary Data", "General Comments" and "Findings and Recommendations" sections listed in the table of contents are presented for purposes of additional analysis and are not a required part of the financial statements of the Township of Upper Deerfield. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the financial statements taken as a whole.

# REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Honorable Chairman and Members of the Township Committee Township of Upper Deerfield County of Cumberland, New Jersey

We have audited the financial statements of the Township of Upper Deerfield as of and for the year ended December 31, 2005, and have issued our report thereon dated June 8, 2006. We conducted our audit in accordance with auditing standards generally accepted in the Unites States of America, the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey.

#### Internal Control over Financial Reporting

In planning and performing our audit, we considered the Township of Upper Deerfield's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be a material weakness. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

#### Compliance

As part of obtaining reasonable assurance about whether the Township of Upper Deerfield's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of the governing body, management and the Division of Local Government Services, Department of Community Affairs, State of New Jersey and is not intended to be and should not be used by anyone other than these specified parties.

#### NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### A. Reporting Entity

The Township of Upper Deerfield was incorporated in 1922 and is located in Cumberland County, New Jersey.

The Township is governed by an elected five member committee. The members appoint a chairman from amongst themselves to serve for a one year term.

The financial statements of the Township of Upper Deerfield included every board, body, officer or commission supported and maintained wholly or in part by funds appropriated by the Township of Upper Deerfield, as required by N.J.S. 40A:5-5.

## B. Description of Funds and Account Groups

The accounting policies of the Township of Upper Deerfield conform to the accounting principles applicable to municipalities which have been prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Such principles and practices are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. Under this method of accounting, the Township of Upper Deerfield accounts for its transactions through the following separate funds and accounts as presented below. This presentation differs from the three fund, two account group presentation as required by GAAP.

<u>Current Fund</u> – Resources and expenditures for governmental operations of a general nature, including Federal and State grant funds.

<u>Trust Fund</u> – Receipts, custodianship and disbursement of funds in accordance with the purpose for which each reserve was created.

<u>General Capital Fund</u> – Receipt and disbursement of funds for the acquisition of general capital facilities, other than those acquired in the Current Fund. In addition, the fund is used to track the status of debt authorized for capital projects.

Water and Sewer Operating and Capital Funds – Account for the operations and acquisition of capital facilities of the municipally owned Water and Sewer Utility.

<u>Public Assistance Trust Fund</u> – Receipt and disbursement of funds that provide assistance to certain residents of the Township pursuant to Title 44 of New Jersey statutes.

<u>General Fixed Assets</u> – To account for fixed assets used in governmental operations.

## NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

#### C. Basis of Accounting

A modified accrual basis of accounting is followed. The more significant accounting principles are as follows:

<u>Budget</u> – The Township adopts an annual budget in accordance with N.J.S.A. 40:4. Once approved, the Township may make emergency appropriations for purposes which are not foreseen at the time the budget was adopted per N.J.S.A. 40A:4-46. After approval from the Director the Township may also make amendments for any special item of revenue made available by any public or private funding source per N.J.S.A. 40A:4-87.

Authorized budget amendments were approved as follows:

#### Special Items of Revenue:

Clean Communities Program 11,578.76 NJ Statewide Liveable Communities 42,900.00

Revenues – are recorded when received in cash except for certain amounts which are due from other governmental units. Receipts from Federal and State grants are realized as revenue when anticipated in the Township budget. Receivables for property taxes are recorded with offsetting reserves on the balance sheet of the Township's Current Fund; accordingly, such amounts are not recorded as revenue until collected. Other amounts that are due the Township which are susceptible to accrual are also recorded as receivables with offsetting reserves and recorded as revenue when received. Fund balance utilized to balance the budget is recorded as revenue and budgeted transfers from other funds are also recorded as revenue when anticipated in the budget.

Expenditures – are recorded on the "budgetary" basis of accounting. Generally, expenditures are recorded when an amount is encumbered for goods and services through the issuance of a purchase order in conjunction with the Encumbrance Accounting System. Outstanding encumbrances at December 31 are reported as a cash liability in the financial statements and constitute part of the Township's statutory Appropriation Reserve balance. Appropriation reserves covering unexpended appropriation balances are automatically created at December 31 of each year and recorded as liabilities, except for amounts which may be canceled by the governing body. Appropriation reserves are available until lapsed at the close of the succeeding year, to meet specific claims, commitments or contracts incurred during the preceding fiscal year. Lapsed appropriation reserves are recorded as income.

Grant appropriations are charged upon budget adoption to create separate spending reserves. Budgeted transfers to other funds are recorded as expenditures when the budget is adopted to the extent permitted or required by law. Appropriations for principal payments on outstanding general capital and utility capital bonds and notes are provided on the cash basis; interest on general capital indebtedness is on the cash basis, whereas interest on utility indebtedness is on the accrual basis.

## NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

#### C. Basis of Accounting (Cont'd)

<u>Property Taxes</u> – Property taxes attach as an enforceable lien on property as of January 1. Taxes are levied annually and are payable in quarterly installments on February 1, May 1, August 1, and November 1 of each year. All unpaid taxes levied become delinquent January 1 of the following year. Delinquent taxes are considered fully collectible and, therefore, no allowance for uncollectible taxes is provided.

<u>Foreclosed Property</u> – Foreclosed property is recorded in the Current Fund at the assessed valuation when such property was acquired and is fully reserved.

<u>Interfunds</u> – Interfund receivables in the Current Fund are recorded with offsetting reserves which are created by charges to operations. Income is recognized in the year the receivables are liquidated. Interfund receivables in the other funds are not offset by reserves.

<u>Insurance</u> – Cost of insurance for all funds are recorded as expenditures at the time of payment. Insurance costs chargeable to future periods are not carried as prepayments.

<u>Inventories of Supplies</u> – The costs of inventories of supplies for all funds are recorded as expenditures at the time individual items are purchased. The costs of inventories are not included on the various balance sheets.

<u>Proprietary Fund – Cash Flows Statement</u> - In accordance with the reporting requirements of the Division of Local Government Services, the utility fund's financial statements do not include a statement of cash flows.

General Fixed Assets – In accordance with Technical Accounting Directive No. 85-2, Accounting for Governmental Fixed Assets, as promulgated by the Division of Local Government Services, which differs in certain respects from generally accepted accounting principles, the Township has developed a fixed asset accounting and reporting system.

Fixed assets used in governmental operations (general fixed assets) are accounted for in the General Fixed Assets Account Group. Public domain ("infrastructure") general fixed assets consisting of certain improvements other than buildings, such as roads, bridges, curbs and gutters, streets and sidewalks, and drainage systems are not capitalized.

All fixed assets are recorded at historical cost or estimated historical cost if actual historical cost is not available, in accordance with the State of New Jersey's Technical Accounting Directive 85-2. However, land and improvements are recorded at its assessed value which is a departure from the aforementioned directive.

No depreciation has been provided for in the financial statements.

## NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

## C. Basis of Accounting (Cont'd)

Expenditures for construction in progress are recorded in the Capital Funds until such time as the construction is completed and put into operation.

Fixed assets acquired through grants in aid or contributed capital has not been accounted for separately.

Property and equipment purchased by the Water and Sewer Utility Fund are recorded in the respective capital account at cost and are adjusted for dispositions and abandonment. Contributions in aid of construction are not capitalized. The balances in Reserve for Amortization and Deferred Reserve for Amortization accounts in the Utility Capital Fund represent charges to operations for the costs of acquisition of property, equipment and improvements. The utility does not record depreciation on fixed assets.

<u>Use of Estimates</u> – The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

<u>Tax Appeals and Other Contingent Losses</u> – Losses which arise from tax appeals and other contingent losses are recognized at the time an unfavorable decision is rendered by an administrative or judicial body.

<u>Departures from Generally Accepted Accounting Principles</u> – The accounting principles and practices followed by the Township of Upper Deerfield differ in some respects, which in some instances may be material, from generally accepted accounting principles applicable to local government units. The more significant differences are as follows:

Taxes and other receivables are fully reserved.

Interfund receivables in the Current Fund are fully reserved and recognized as revenue in the year of liquidation.

Unexpended and uncommitted appropriations are reflected as expenditures.

Overexpended appropriations and emergency appropriations are deferred to the succeeding year's operations.

No provision is made for accumulated vested vacation and sick leave.

Undetermined contributions to state-administered pension plans applicable to the six months ended December 31 are not accrued.

## NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

#### C. Basis of Accounting (Cont'd)

Estimated losses arising from tax appeals and other contingencies are not recorded when it is probable that a loss has been incurred and the amount of such loss can be reasonably estimated.

Depreciation expense is not calculated on fixed assets.

Encumbrances are reported as a liability in the financial statement.

It was not practicable to determine the effect of such differences.

## NOTE 2: CASH AND CASH EQUIVALENTS AND INVESTMENTS

The Township of Upper Deerfield has defined cash and cash equivalents to consist primarily of petty cash, change funds, cash on deposit, certificates of deposit, money market accounts, and short term investments with original maturities of three months or less.

Investments are stated at cost or amortized cost, which approximates market.

## **Deposits**

New Jersey statutes require that municipalities deposit public funds in contracted depositories located in New Jersey which are insured by the Federal Deposit Insurance Corporation, the Federal Savings and Loan Insurance Corporation, or by any other agency of the United States that insures deposits made in public depositories. Municipalities are also permitted to deposit funds in the State of New Jersey Cash Management Fund.

New Jersey statutes require public depositories to maintain collateral for deposits of public funds, under the Governmental Unit Deposit Protection Act (G.U.D.P.A.) N.J.S.A. 17:9-41, that exceed depository insurance limits as follows:

The market value of the collateral must equal at least 5% of the average daily balance of collected public funds on deposit.

In addition to the above collateral requirement, if the public funds deposited exceed 75% of the capital funds of the depository, the depository must provide collateral having a market value at least equal to 100% of the amount exceeding 75%.

All collateral must be deposited with the Federal Reserve Bank of New York, the Federal Reserve Bank of Philadelphia, the Federal Home Loan Bank of New York, or a banking institution that is a member of the Federal Reserve System and has capital funds of not less than \$25,000,000.00.

## NOTE 2: CASH AND CASH EQUIVALENTS AND INVESTMENTS (CONT'D)

## Deposits (Cont'd)

Although the pledged securities are not in the name of the municipality, the deposits are deemed collateralized under New Jersey law, and certificates to eligibility are issued every six months by the public depository under the provisions of G.U.D.P.A.

The carrying amount of the Township's cash and cash equivalents at December 31, 2005, was \$7,888,012.64 and the bank balance was \$8,175,321.11. Of the bank balance, \$279,499.80 was covered by federal depository insurance (including public and custodial funds) and \$7,895,821.30 was covered by a collateral pool maintained by the bank as required by New Jersey statutes.

Category 1 are deposits insured, registered or collateralized with securities held by the Township, or its agent, in the Township's name.

Category 2 are deposits uninsured, unregistered or collateralized with securities held by the pledging public depository or by its trust department, or by its agent, in the Township's name.

Category 3 are deposits uninsured, unregistered or uncollateralized, including any deposits that are collateralized with securities held by the pledging public depository or by its trust department, or its agent but not in the Township's name. Investments in the New Jersey Cash Management Fund are included in this category.

## NOTE 2: CASH AND CASH EQUIVALENTS AND INVESTMENTS (CONT'D)

#### Investments

New Jersey statutes permit the Township to purchase the following types of securities:

- a. Bonds or other obligations of the United States or obligations guaranteed by the United States.
- b. Bonds of any Federal Intermediate Credit Bank, Federal Home Loan Bank, Federal National Mortgage Agency or of any United States Bank for Cooperatives which have a maturity date not greater than 397 days from the date of purchase.
- c. Bonds or other obligations of the Township or bonds or other obligations of the Township school district.
- d. Bonds or other obligations, having a maturity date not more than 397 days from the date of purchase, approved by the Division of Investment of the Department of Treasury for investment by local units.
- e. Local government investment pools, such as New Jersey CLASS, and the New Jersey Arbitrage Rebate Management Program.
- f. Repurchase agreements (repos) of fully collateralized securities, subject to conditions, as indicated in NJSA 40A:5-15.1(a).
- g. Certificates of deposit at federally insured banks.

During the period ended December 31, 2005, the Township held an investment in bond anticipation notes with the Township Utility Capital Fund.

#### **NOTE 3: FUND BALANCES APPROPRIATED**

#### **NOTE 8: PENSION FUNDS**

Description of Plan – All required employees of the Township are covered by the Public Employees' Retirement System which has been established by state statute and is administered by the New Jersey Department of Pension and Benefits. According to the State of New Jersey Administrative Code, all obligations of the System will be assumed by the State of New Jersey should the System terminate. The Division issues a publicly available financial report that includes the financial statements and required supplementary information for the retirement system. This report may be obtained by writing to the Division of Pensions and Benefits, PO Box 295, Trenton, New Jersey, 08625.

Public Employees' Retirement System (PERS) – The Public Employees' Retirement System was established in January, 1955 under the provisions of N.J.S.A. 43:15A to provide retirement, death, disability and medical benefits to certain qualified members. The Public Employees Retirement System is a cost-sharing multiple-employer plan. Membership is generally required for substantially all full-time employees of the State of New Jersey or any county, municipality, school district or public agency provided the employee is not a member of another state-administered retirement system. Members are eligible for retirement at age 60 with an annual benefit generally determined to be the number of years of service divided by 55, times the final average salary. Final average salary equals the average salary for the final three years of service prior to retirement (or highest three years' compensation if other than the final three years). Early retirement is available to those under age 60 with 25 or more years of credited service. Anyone who retires early and is under age 55 receives retirement benefits as calculated in the above-mentioned formula but at a reduced rate (one quarter of one percent for each month the member lacks of attaining age 55).

The system provides for employee contributions of 5% of employees' annual base salary. Funding by the State and the Township are determined by the annual actuarial valuation. The State's annual contribution approximates the actuarially determined pension cost for the year. Significant actuarial assumptions used to compute the pension contribution requirements are the same as those used to determine the pension benefit obligation.

#### NOTE 9: ACCUMULATED ABSENCE BENEFITS

Township employees are granted vacation benefits in varying amounts depending on their length of service with the Township. Employees are granted sick leave on the basis of one and one quarter working day for each full month of employment. The Township permits employees to accrue unused sick time. All sick leave terminates as of the date of separation, except for qualified retirement. Upon retirement the employee will be paid for one half of the unused leave at the employee's final rate of pay up to a maximum of \$7,500. The Township allows employees to carry over four vacation days to the following year.

The Township has adopted an ordinance in regards to accumulated absence benefits.

The total value of compensated absences owed to employees as of December 31, 2005 was \$65,165.43. The Township has established a trust to fund a reserve for accumulated absences. As of December 31, 2005 the fund had a reserve balance of \$22,801.25.

#### **NOTE 10: POSTRETIREMENT BENEFITS**

In addition to the pension benefits described in Note 8, the State provides postretirement healthcare benefits, in accordance with State statutes, to all employees who retire and are already covered by the State Health Benefits Program (SHBP) through their employer. If a member of the Public Employees' Retirement System (PERS) is not eligible for employer-paid coverage, they may continue the coverage by paying the appropriate premium. The cost of these benefits are actuarially determined and advance funded through contributions by the State. As of December 31, 2005, there were 4 employees who met the requirements for postretirement healthcare benefits.

#### **NOTE 11: DEFERRED COMPENSATION PLAN**

The Township offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The plan, available to all Township employees, permits them to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death, or unforeseeable emergency. All assets of the plan are held by an independent administrator, Variable Annuity Life Insurance Company (VALIC).

#### **NOTE 12: RISK MANAGEMENT**

The Township is exposed to various risks or loss related to torts, thefts of, damage to, and destruction of assets, errors and omissions, injuries to employees, and natural disasters. The Township maintains commercial insurance coverage for property, liability and surety bonds.

#### **NOTE 13: LITIGATION**

It is the Township of Upper Deerfield Counsel's opinion there exists no litigation or contingent liability that may be pending against the Township of Upper Deerfield that would have an adverse effect on the financial position in the future.

#### GENERAL COMMENTS

### Contracts and Agreements Required to be Advertised for N.J.S.A. 40A:11-4

N.J.S.A. 40A:11-4 states "Every contract or agreement awarded by the contracting agent for the provision or performance of any goods or services, the cost of which in the aggregate exceeds the bid threshold, shall be awarded only by resolution of the governing body of the contracting unit to the lowest responsible bidder after public advertising for bids and bidding therefore, except as is provided otherwise in this act or specifically by any other law."

The governing body of the Municipality has the responsibility of determining whether the expenditures in any category will exceed the bid threshold within the fiscal year. Where question arises as to whether any contract or agreement might result in violation of the statute, the Solicitor's opinion should be sought before a commitment is made.

The minutes indicate that bids were requested by public advertisement for the following items:

Water Test of Hopewell Nursery Irrigation Well Repair & Maintenance Work on #1 & 2 Filters at Water Treatment Plant Water Test of Seabrook Irrigation Well 1A Four Wheel Drive Pickup Truck with Snow Plow & Tail Gate Spreader Overlay of DuBois Road

The minutes indicate that resolutions were adopted and advertised authorizing the awarding of contracts or agreements for "Professional Services" per N.J.S.A. 40A:11.5.

Inasmuch as the system of records did not provide for an accumulation of payments for categories for the performance of any work or the furnishing or hiring of any materials or supplies, the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed, however, to determine whether any clear-cut violations existed.

Our examination of expenditures did not reveal any individual payments, contracts or agreements in excess of the bid threshold "for the performance of any work or the furnishing or hiring of any materials or supplies," other than those where bids had been previously sought by public advertisement or where a resolution had been previously adopted under the provisions of N.J.S.A. 40A:11-6.

N.J.S.A. 40A:11-6.1 requires that at least two competitive quotations be obtained for all contracts that in the aggregate are less than the bid threshold but 15 percent or more of that amount.

#### Collection of Interest on Delinquent Taxes and Assessments

The statute provides the method for authorizing interest and the maximum rates to be charged for the nonpayment of taxes or assessments on or before the date when they would become delinquent.

The governing body on January 6, 2005, adopted the following resolution authorizing interest to be charged on delinquent taxes:

WHEREAS, under the provisions of N.J.S.A. 54:4-67 the governing body is authorized to fix the rate of discount for prepayment of property taxes or assessments and to fix the rate of interest for non-payment of property taxes or assessments on or before the date when they would become delinquent; and

WHEREAS, the aforesaid statute was amended to provide for the assessing of a penalty to be charged to a taxpayer with a delinquency in excess of TEN THOUSAND (\$10,000.00) DOLLARS; and

WHEREAS, pursuant to N.J.S.A. 54:4-66, it is provided that property taxes shall be payable in quarterly annual installments with the first installment due on February 1<sup>st</sup>, the second installment on May 1<sup>st</sup>, the third installment due on August 1<sup>st</sup> and the fourth installment due on November 1<sup>st</sup>, after which dates, if unpaid, they shall become delinquent, which statute also provides for the manner in which quarterly installments or property taxes shall be determined and received;

# NOW, THEREFORE, BE IT RESOLVED BY THE TOWNSHIP COMMITTEE OF THE TOWNSHIP OF UPPER DEERFIELD;

- A. That no discount be allowed for prepayment of property taxes or assessments.
- B. That the rate of interest to be charged for the non-payment of property taxes or assessments on or before the date they would become delinquent, as fixed by statute, shall be Eight (8%) Percent per annum on the first ONE THOUSAND FIVE HUNDRED (\$1,500.00) DOLLARS of the delinquency, and Eighteen (18%) Percent per annum on any amount in excess of ONE THOUSAND FIVE HUNDRED (\$1,500.00) DOLLARS, to be calculated from the date the tax was payable to the date of actual payment, provided no interest shall be charged if payment of any installment is made on the due date; provided, however, that no interest shall be charged if payment of any installment is made within the tenth calendar day following the date upon which the same become payable; and
- C. In the event there is a delinquency in excess of TEN THOUSAND (\$10,000.00) DOLLARS at the end of the calendar year, then the Tax Collector is authorized to charge a penalty of Six (6%) Percent of the amount of the delinquency. The delinquency shall mean the sum of all taxes and municipal charges due on a given parcel of property covering any number of quarters or years.

It appears from an examination of the collector's records that interest was collected in accordance with the foregoing resolution.

## Delinquent Taxes and Tax Title Liens

The last tax sale was held on June 22, 2005 and was complete.

The following comparison is made of the number of tax title liens receivable on December 31 of the last three years.

<u>Year</u>	Number of Liens
2005	13
2004	15
2003	16

It is essential to good management that all means provided by statute be utilized to liquidate tax title liens in order to get such properties back on a tax-paying basis.

#### Verification of Delinquent Taxes and Other Charges

A test verification of delinquent charges and current payments was made in accordance with the regulations of the Division of Local Government Services. All notices returned were reviewed and no discrepancies were noted. A separate report will be rendered if any irregularities develop after the date of the audit.

#### OTHER COMMENTS

#### Chief Financial Officer

The records maintained by the Chief Financial Officer were found to be in good condition.

A general ledger has been established as required by the Division of Local Government Services Technical Directive 85-03. The general ledger is the official permanent financial record of the Borough, which provides a summary of all financial transactions as they have been recorded in the books of original entry utilizing a "double entry" accounting system.

An encumbrance accounting system has been established as required by the Division of Local Government Services Technical Directive 85-1. An encumbrance accounting system must be designed to record charges against amounts appropriated for other expenses as financial obligations are entered into, as opposed to when bills are actually rendered or paid.

There are interfund loans existing as of year end. Generally, they were the result of December interest earned. These interfunds are routinely cleared in the subsequent year.

There was a deficit in operations in the Current Fund of \$12,419.14. This resulted from prepaying both the Local District and Regional School taxes in December. The deferred charge is being raised in the year 2006 budget.

#### Tax Collector

The records maintained by the Tax Collector were found to be in good condition with the exception that the annual report required by NJS 54:4-91 and list of uncollectibles required by NJS 54:4-91-1 was not filed by the statutory due dates. The reports were filed prior to the completion of the audit field work.

#### Township Clerk

The records maintained by the Township Clerk were found to be in good condition.

## Water and Sewer Utility Collector

The records maintained by the Water& Sewer Utility Collector were found to be in good condition.

## Municipal Court

The records maintained by the Court Administrator were found to be in good condition.

#### Housing and Zoning Official

The records maintained by the Housing and Zoning Official were found to be in good condition.

#### Construction Code Official

The records maintained by the Construction Code Official were found to be in good condition.

#### Planning Board

The records maintained by the Planning Board Secretary were found to be in good condition.

### Corrective Action Plan
